ANNOUNCEMENTS

Dynamics of Nature Photography

On Wednesday, March 7, the Assabet Valley Camera Club (AVCC) is pleased to host John Slonina, a Massachusetts-based professional nature photographer, whose presentation will explore what makes a compelling and emotionally engaging photograph while entertaining the audience and illustrating his points with humor and stories from the field. The program will have practical tips that can be immediately deployed to increase ones chances of capturing that "shot of a lifetime". Whether you are a beginner or a professional photographer, you will leave this presentation excited to try new strategies and tips that will create more dramatic images.

Slonina has been photographing nature for over 30 years. His initial passion for wildlife, wild places and teaching led him down the path to photography. John's favorite photo subjects include landscape, wildlife, macro, and night photography. His work has been published in calendars, books, and magazines and has also been displayed in several galleries. Slonina's teaching style and humor make him a popular speaker. He has presented for numerous camera clubs, nature groups, and photo conferences throughout the USA.

Through his photo tour company Slonina Photography John leads instructional tours and photo workshops across North America to national parks and areas such as Yellowstone, Katmai, Mt Rainier, Great Smoky Mountains, Kenai Fjords, Everglades, Big Cypress Preserve, Alaska, and Acadia. John's goal is to make everything a fun learning experience.. More information about his tours and workshops can be found on his website at www.sphotography.com.

John Slonina's "Dynamics of Nature Photography" is supported in part by a grant from the Hudson Cultural Council, a local agency which is supported by the Massachusetts Cultural Council, a state agency.

The presentation is free and open to the general public. AVCC welcomes anyone interested in learning more about photography as a visual art and its practical application as a science. Meetings are held at 7:30 PM on the first and third Wednesday of each month from now through early June in the Great Room at the Hudson Senior Center, 29 Church Street. For more information check out the AVCC website at **assabetvalleycc.com** or contact John Gill, club President, at 978-293-5192.

The Sudbury Valley Nature Photographers

The Sudbury Valley Nature Photographers will be hosting a presentation by nationally known nature photographer Shawn Carey on Thursday, March 8, at 7PM in the Community Room at Newbury Court Senior Living in Concord. Shawn's presentation is entitled "Tanzania: A Photographer's Journey". Admission is free.

Shawn provides the following description of his presentation:

"For this special presentation, join wildlife photographer Shawn Carey on an adventure into the heart of Tanzania. We'll take a safari vehicle into the country's spectacular national parks and see the "Big Five"— African Elephant, Black Rhino, Cape Buffalo, Lion, and Leopard—in all their glory. Along the way, we'll search for and photograph Cheetahs, Giraffes, Black-backed Jackals, and Hippos. And we'll encounter a panoply of Tanzania's wonderful and amazing birds, including the Greater Flamingo, Lilac-breasted Roller, Little Bee-eater, Giant Kingfisher, and Grey-crowned Crane—the country's national bird. If you've ever dreamed of visiting East Africa and its incredible wildlife, this is a journey you'll never forget. And it may just have you planning your own African adventure."

And here is some background on Shawn, extracted from his website:

"Originally from Pennsylvania, Shawn moved to Boston, Massachusetts in 1986 and has been photographing birds and other wildlife for over 20 years. He's been teaching wildlife photography for Mass Audubon for the past 18 years. He's on the board of directors for Eastern Mass HawkWatch where he serves as their Vice President. He's also on the advisory board for the Massachusetts Audubon Society and Mass Audubon Museum of American Bird Art. He is past board member for the Brookline Bird Club and past council member for the Nuttall Ornithological Club. Shawn co-founded Migration Productions in 1996 with Jim Grady and the two have produced all its productions. Shawn also provides almost all digital photography used in their productions. "I LOVE the natural world; if it walks, crawls, flies, swims or slithers...I'll photograph it!"
